

Milestone Six: Group Project-Final Submission (40/150)

Due date: 12/18/2017 11:59pm

In the final submission, please include:

1. A zip file containing all your source code. (20 points)
2. A final report containing
 - a. All your **refined** deliverables;
 - b. A brief discussion, in one or two pages, about your implementation, e.g., the language and platform you are using, the extent to which your prototype has been developed, and/or the plan to continue with the project to finally make it a product;
 - c. A summary of time logs as a team;
 - d. A reflection on various issues encountered.

Please refer to the attached Sample Project Document to get an idea for the composition of the final report. Note that you do not have to strictly follow its format. (20 points)

Note:

1. Late submission will incur penalty in the grade. 20% off if late for one day, 40% off for two days, etc.
